PQ Question: To ask the Minister for Health the number of people on waiting lists for Jigsaw by CHO and length of wait for January, February, and March 2019-2023, inclusive, in tabular form. -David Cullinane

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Jigsaw is funded by the HSE to provide youth mental health services for those with mild to moderate mental health difficulties. They provide face-to-face, online and phone based services to young people aged between 12 to 25 years old while working with communities to resource and support parents and other adults who work with young people.

****Please be advised that the information requested by the Deputy has been provided by Jigsaw directly.
****Please note that this data is subject to change due to ongoing review and validation by Jigsaw.

Response from Jigsaw

Jigsaw have advised that waiting list data is not accessible retrospectively once the young people move beyond referral stage. Jigsaw have advised that the number of young people awaiting a first appointment as of 15th March 2023 is 1,663.

The current wait times per Jigsaw service is detailed below:

*Please note Jigsaw services' catchment areas sometimes cross CHO boundaries (e.g. in the case of Tipperary and Dublin City) therefore the data is collected by service rather than by CHO area.
