**Deputy David Cullinane
Dáil Eireann
Leinster House
Dublin 2**

PQ 20865/23

To ask the Minister for Health the average patient experience time to admission via an emergency department for all patients for quarter 1 and by month for each year 2019-2023, inclusive, statewide and for each location in tabular form. The average for all patients, the average for patients aged under 75 years and the average for patients aged 75 years or older.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions, which you submitted to the Minister for Health for response.

I attach, as requested, the data in respect of the average patient experience time (PET) to admission via an emergency department for all patients and separately for patients over 75 years as reported. Please note the data set excludes PETs for patients not admitted.

Please also refer to footnotes in the template attached.

I trust this response is helpful.

Yours Sincerely

**Jacqueline McNulty
General Manager Unscheduled Care,
Acute Operations.**
