31st May 2023

Deputy Ward,
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 25720/23 To ask the Minister for Health the number of people waiting on primary care psychology services, by age and amount of time waiting, in tabular form; and if he will make a statement on the matter.

-Mark Ward

Dear Deputy Ward,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (25720/23) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high quality services to all eligible service users. In 2022, there were 42,532 patients seen by HSE Psychology primary care services. It is worth noting that COVID-19 has posed significant challenges for many service areas in 2020, 2021 and 2022. The resulting ongoing impact is seen in the increased number of referrals and subsequent waiting lists for Primary Care Services.

Please find the attached appendix, which contains, in tabular form, details of the Psychology waiting list in each CHO area, as at the end of April 2023 which is the latest data available at this time.

Appendix 1 – Psychology Waitlist as at the end of April 2023

I trust this information is of assistance to you.

Yours sincerely,

Seán McArt
General Manager Primary Care
National Community Operations
