9th June 2023

PQ 26257/23* To ask the Minister for Health the up-to-date position with the provision of a health care facility (details supplied: The provision of a day care centre in Monasterevin Co Kildare) in County Kildare; and if he will make a statement on the matter. -Duncan Smith

Dear Deputy Smith

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

Construction works commenced on Monasterevin Day Care Centre in October 2022. The construction programme has experienced some delay primarily related to conservation and civil & structural issues on site. Construction works projected completion date is currently late Q1 2024.

The services which will be provided in Monasterevin Day Care Centre will include day care services for older persons and primary care services which will consist of public health nursing, nursing services, domiciliary care, occupational therapy and physiotherapy.

Yours sincerely,

P.P. Paul de Freine
