Dublin 2

RE: PQ 39036/23

“To ask the Minister for Health if the Ballyhaunis and Erris primary care centres currently in development will be HSE, PPP or privately owned under current plans; and if he will make a statement on the matter”

Dear Deputy Rose Conway Walsh

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Ballyhaunis Primary Care Centre

The developer continues to liaise with contractors to agree completion works due to increased construction costs. The HSE is working with the developer within the bounds of the competitive tender process and lease agreement to facilitate this and agree a programme of works to completion. On recommencement it is anticipated there will be an eight month programme to completion of construction.

Proposed Primary Care Centre at Bangor Erris

The project to deliver a Primary Care Centre in Bangor Erris remains at site selection/developer shortlisting stage but most likely this will need to be re-advertised due to increased service needs. HSE Estates hope to progress this within the coming months

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

Mary Warde
Head of Primary Care Services
Galway, Mayo & Roscommon
