4th October 2023

Deputy Sean Sherlock,
Dail Eireann,
Leinster House,
Kildare Street,
Dublin 2.
E-mail: sean.sherlock@oireachtas.ie

Dear Deputy Sherlock,

The Health Service Executive has been requested to reply directly to you in the context of the following parliamentary question, which was submitted to this department for response.

PQ: 39498/23

To ask the Minister for Children; Equality; Disability; Integration and Youth the number of children aged 0 to 18 years who are waiting for first-time intervention in all areas of early intervention in each CHO, by individual area and by each composite LHO within each CHO; the number on the public list; the number on the children's disability network team list in each CHO, in tabular form; and the length of time that they are awaiting intervention, by age.

HSE Response

Children requiring interventions including health and therapy services would access services through Primary Care Teams in CHO Areas as well as through Children's Disability Services.

HSE Disability Services does not gather data on services provided through other service areas such as Primary Care, however Primary Care Operations has compiled and provided us with the latest available waiting list data, on services for which they collate data, for the end of July 2023 for those aged 0 to 17 years and 11 months.

- Table 1 in the Appendix includes the data for Psychology - Number of 0-17 years & 11 months old Patients waiting for treatment July 2023.
- Table 2 in the Appendix includes the data for Occupational Therapy - Number of 0-17 years & 11 months old Patients Awaiting First Time Assessment July 2023.
- Table 3 in the Appendix includes the data for Physiotherapy - Number of 0-17 years & 11 months old Patients waiting for Assessment July 2023.
- Table 4 in the Appendix includes the data Speech and Language Therapy - Number of 0-17 years & 11 months old patients awaiting Initial Assessment – July 2023.
- Table 5 in the Appendix includes the data for Speech and Language Therapy - Number of 0-17 years & 11 months old patients awaiting Initial Therapy – July 2023.

- Table 6 in the Appendix includes the data for Speech and Language Therapy - Number of 0-17 years & 11 months old patients awaiting Further Therapy –July 2023.
- Table 7 in the Appendix includes the data for Dietetics - Number of 0-17 years & 11 months old patients waiting for treatment July 2023.
- Table 8 in the Appendix includes the data for Ophthalmology - Number of 0-17 years & 11 months old Patients waiting for treatment July 2023.
- Table 9 in the Appendix includes the data for Podiatry - Number of 0-17 years & 11 months old Patients waiting for treatment July 2023.

It is important to note that these primary care lists do not include children who are on the Childrens Disability Network Teams lists.

Children’s Disability Network Teams (CDNTs):

91 Children’s Disability Network Teams (CDNTs) are aligned to 96 Community Healthcare Networks (CHNs) across the country and are providing services and supports for children aged from birth to 18 years of age.

CDNTs are teams of health and social care professionals, including nursing, occupational therapy, psychology, physiotherapy, speech and language therapy, social work and others. The team works closely together in a family centred model, focusing on the child’s and family’s own priorities.

Regardless of the nature of their disability, where they live, or the school they attend, every child with complex needs and their families have access to the full range of family centred services and supports of their CDNT according to their individual needs. This includes universal, targeted and specialist supports, such as individual therapeutic intervention and access to specialist consultation and assessment when needed. Supports are provided as is feasible in the child’s natural environments - their home, school and community.

National Information Management System for the CDNTs (CDNTIMS)

Historically the number of children waitlisted for children’s disability services provided by section 38 and section 39 providers has not been available nationally.

The establishment of CDNTs in 2021 has facilitated the collection of this data. A National Management Information System for all 91 CDNTs is being rolled out and when implemented, will provide current data on waiting lists and other details for all CDNTs. In the interim, manual data collection is on-going and will provide information to the local areas regarding the number of children waiting for each CDNT.

The table below is the most recent data available. This shows the number of children that are waiting for an initial contact with a CDNT in the 9 CHO Areas. This Dataset represents end of July 2023 activity reports.

Status report	CHO 1	CHO 2	CHO 3	CHO 4	CHO 5	CHO 6	CHO 7	CHO 8	CHO 9
No of children waiting 0-3 months for an initial contact @month end	97	169	371	156	84	106	151	377	89
No of children waiting 4-6 months for an initial contact @month end	109	172	236	132	106	89	174	380	78
No of children waiting 7-12 months for an initial contact @month end	93	146	314	212	286	207	395	493	261
No of children waiting over 12 months for an initial contact @month end	131	452	408	998	1448	893	1761	992	2436

Please also note that this is an interim dataset as we await the roll out of the National Information Management System.

Yours Sincerely,

Bernard O'Regan

**Mr Bernard O'Regan,
Head of Operations - Disability Services,
Community Operations**

Appendix
