Pauline Tully T.D.

4<sup>th</sup> October, 2023

**PQ 40557/23** To ask the Minister for Children; Equality; Disability; Integration and Youth the number of people with a declared physical, intellectual and learning disabilities and people with psychological or emotional conditions who are currently employed by HSE, in tabular form. -Pauline Tully

Dear Deputy,

I refer to your recent Parliamentary Question which was sent to the HSE for response.

As of 31 December 2022, employees with a disability made up 12.3% of the HSE workforce, as indicated by the HSE's Your Opinion Counts staff survey (based on 2,419 staff indicating that they had a disability out of 19,591 respondents). The HSE does not maintain data at a national level about the type of disability or long term health condition for individual employees.

I trust this clarifies and is of some assistance.

Yours sincerely,

**Marie O'Sullivan**
