PQ Question: To ask the Minister for Health the number of people on a waiting list by county, in tabular form: (details supplied), by county, in tabular form; and if he will make a statement on the matter. – Violet-Anne Wynne

Details Supplied: Waiting to receive treatment from the National Counselling Service

Dear Deputy Wynne,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Having liaised with the National Counselling Service, I am advised of the following. The number of people waiting for Counselling in Primary Care (CiPC) are presented in the table below for each CHO and LHO area. These are the latest figures available as at 31st July 2023.

The total number of clients waiting nationally was 4,345, **55%** of whom were **waiting less than 3 months** for an appointment. 104 people were waiting by choice.

The number of clients waiting is in the context of an **18% increase in referrals to CiPC** on the same period in 2022 (Between Jan and July 2023 there were 11,010 referrals to CiPC, for the same period in 2022 there were just 9346 referrals).

I trust this information is of assistance to you.

Yours sincerely,

Tony Mc Cusker
General Manager
National Mental Health Services
