RE: PQ 16275/24 – Skull base surgeries – Beaumont Hospital

Dear Mr O'Rourke,

Reference your recent Parliamentary question with regards to the number of number of skull base surgeries performed at Beaumont Hospital in 2023 and to-date in 2024.

Details as follows:

Year	Number of Surgeries
2023	110
2024 YTD	25

Please be advised that while other specialities also perform skull base surgeries, the figures provided only capture skull base surgeries specifically within the Neurosurgery speciality.

Yours Sincerely,

David Sweeney
Interim Chief Executive Officer
Beaumont Hospital
