Dear Deputy Shortall,

The Health Service Executive has been requested to reply directly to you in the context of the following parliamentary question, which was submitted to this department for response.

**PQ: 16960/24**

*To ask the Minister for Children; Equality; Disability; Integration and Youth the number of persons on a waiting list for initial contact from a CDNT, by CHO, age category and time waiting, in tabular form.*

### **HSE Response**

91 Children's Disability Network Teams (CDNTs) are aligned to 96 Community Healthcare Networks (CHNs) across the country and are providing services and supports for children aged from birth to 18 years of age.

The CDNTs are currently providing services and supports for 45,741 children and strategies and supports for urgent cases on the waitlist where staffing resources allow. However, there are significant challenges for CDNTs including:

- Significant staffing vacancies
- Growth in numbers of children with complex need
- Growth in demand for Assessment of Need, diverting further resources away from interventions.

### **Roadmap for Service Improvement 2023 – 2026, Disability Services for Children and Young People**

The HSE's Roadmap for Service Improvement 2023 – 2026, Disability Services for Children and Young People was approved by the HSE Board on July 28th and launched by the Government and the HSE on Tuesday 24th October 2023.

The Roadmap is a targeted Service Improvement Programme to achieve a quality, accessible, equitable and timely service for all children with complex needs as a result of a disability and their families.

It sets out the overall aim for Children’s Disability Services, provided by the HSE and its partner agencies, for every child to have a childhood of inclusive experiences where they can have fun, learn, develop interests and skills, and form positive relationships with others in a range of different settings.

Based on the CDNT Staffing Census (Oct 2022), there are over 700 vacant whole time equivalent posts in CDNTs. The HSE continues to explore a range of options to enhance the retention and recruitment of essential staff across all aspects of the health services. The HSE is operating in a very competitive global market for healthcare talent as there are significant shortages of qualified healthcare professionals across the globe. The HSE Community Operations Disability Services is working collaboratively with the CDNT lead agencies at CHO level to promote CDNTs as a workplace of choice in a competitive employment market.

The Roadmap actions includes a robust suite of 60 actions, including 21 on CDNT Retention and Recruitment targets, and many of which are now in train.

Due to the recent Forsa Industrial Action, work on the CDNT Staffing Census 2023 was delayed. This will be available in due course.

**National Information Management System for the CDNTs (CDNTIMS)**

Historically the number of children waitlisted for children’s disability services provided by section 38 and section 39 providers has not been available nationally. The establishment of CDNTs in 2021 has facilitated the collection of this data. A National Management Information System for all 91 CDNTs is being rolled out and when implemented, will provide current data on waiting lists and other details for all CDNTs. 34 CDNTs are live at this time.

Pending full roll-out, manual data collection is on-going. Information is collated nationally per CHO.

The table below is the most recent data reported to the Business Information Unit (BIU) -end of March 2024. This shows the number of children that are waiting for an initial contact with a CDNT in the 9 CHO Areas. Data is not collated on age category of the children.

End of March 2024 CDNT Metrics BIU statistics	CHO 1	CHO 2	CHO 3	CHO 4	CHO 5	CHO 6	CHO 7	CHO 8*	CHO 9
No. of <b>children waiting 0-3 months</b> for an initial CDNT contact @ month end	357	149	257	150	87	34	149	361	75
No. of <b>children waiting 4-6 months</b> for an initial CDNT contact @ month end	257	213	217	147	112	85	114	498	82
No. of <b>children waiting 7-12 months</b> for an initial CDNT contact @ month end	327	260	340	176	209	231	341	367	191
No. of <b>children waiting over 12 months</b> for an initial CDNT contact @ month end	374	378	592	467	1217	1049	2029	1903	2484

Please note that CHO 8 stats are for the end of December 2023.

Yours Sincerely,

**Bernard O'Regan**  
**Assistant National Director**  
**National Disability Team**
