PQ ref 18384/24

“To ask the Minister for Health the number and details of the dentists providing dental care to medical card holders in County Kerry; and if he will make a statement on the matter”.

Dear Deputy Griffin,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The HSE Primary Care Dental Service provides dental treatment to eligible children, adults and children with special care needs and others in the care of the HSE at various locations throughout Cork and Kerry. Children under 16 years of age, and the special care needs patient cohort, are treated in HSE dental clinics. Adult medical card holders are treated by private dental practitioners contracted to operate the Dental Treatment Services Scheme (DTSS).

There are currently 17 dentists and 1 clinical dental technician with Dental Treatment Services Scheme contracts in Co. Kerry and their details are contained in below table, an updated version of which is available for download on the PCRS website.
