PQ ref 18651/24

** To ask the Minister for Health why there is no dedicated adult ADHD team operating in Galway who carry out assessments of people suffering from ADHD; whether his Department have received an application from the HSE that such a service would be provided in GUH; the response to such an application, if any, from the Department; and if he will make a statement on the matter**

Dear Deputy Ó Cuív,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position;

The National Clinical programme for the treatment of ADHD in Adults has yet to be extended to Community Healthcare West (CHO2) and I am unable to advise when it may be extended to CHW.

I trust this information is of assistance to you, but should you have any further queries, please contact me.

Yours sincerely,

Charlie Meehan
Head of Mental Health Services
Community Healthcare West
