**PQ 8292/24 To ask the Minister for Health the operational and planned primary care centres by county; the stage at which each planned centre is at and the timeframe for delivery. -David Cullinane**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

In response to this Parliamentary Question, please find enclosed a spreadsheet (Appendix 1) providing the details on all operational and planned Primary Care Centres by county as requested.

The first tab "Operational PCCs" lists the locations of all operational Primary Care Centres.

The second tab "PCCs in Construction" includes the details of Primary Care Centres which are currently in construction or being equipped.

A number of other locations are at early initiation stages which the HSE are not in a position to communicate until there is confidence that the market can deliver the Primary Care Centres in these locations.

Capital & Estates continue to work with Primary Care Services in developing additional Primary Care Centres to support delivery of health care needs into the future.

Yours sincerely
