RE: PQ 1761/24

To ask the Minister for Health the number of people that have been approved for home help services in County Clare but are still waiting to be allocated the service; and if he will make a statement on the matter.

Dear Deputy McNamara,

The Health Service Executive has been requested to reply directly to you in the context of the above public representation which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The current number of people who have been approved a home help service in County Clare and who are awaiting commencement of same is as follows;

Number waiting for new service to commence	143
Number already in receipt of a service but awaiting the commencement of additional approved hours	225

I trust this information is of assistance to you and should you have any further queries please contact me.

Yours sincerely,
