25th June 2024

PQ 24919/24* To ask the Minister for Health if he will clarify if the HSE owns the land at a location (details supplied: on Davitt Road currently being used by BAM building contractors as a depot during the construction of the new Children's Hospital); if there are any future plans for the land when the hospital is fully built; if so, what it may be used for; and if he will make a statement on the matter. - Bríd Smith

Dear Deputy Smith,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted for response.

The HSE owns the subject site at Davitt Road.

The site is currently being considered as part of an overall St. James's Hospital Master Plan and Development Control Plan (DCP) to establish the Hospitals future infrastructural requirements to support current and future needs. The site, has clear capability and potential to accommodate hospital out-patient, ambulatory and/ or community care services.

Procurement for a Design Team for the completion of the Master Planning specific to the Davitt Road site is presently underway.

Yours sincerely

Brian O'Connell
Interim National Director
Capital & Estates
