PQ 25495/24* To ask the Minister for Health further to Parliamentary Question No. 243 of 1 May 2024, the status of the development of a primary care centre on Inisbofin; the status of the land transfer; and if he will make a statement on the matter. -Catherine Connolly

Dear Deputy Connolly,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health response.

As previously communicated, a number of property transactions are required to facilitate the development of a Primary Care Centre on Inisbofin. These involve the transfer of land from Galway County Council to the Department of Rural and Community Development, and the subsequent transfer of a portion of that land from the Department of Rural and Community Development to the HSE for the purpose of the primary care centre. Galway County Council are best placed to provide an update on the current status of this land transfer to the Department of Rural and Community Development.

Until the legal processes associated with the transfer of lands to Department of Rural and Community Development concludes it is not possible for the HSE to provide a definitive timeframe for the transfer of the site to the HSE.

Yours sincerely
