9TH July, 2024

PQ: 27147/24

To ask the Minister for Health the number of HAA cards currently in existence.

Dear Sorca Clarke,

I refer to your parliamentary question, which was passed to the HSE for response.

A Health Amendment act card is issued where an individual has contracted Hepatitis C and or HIV as a result of receiving infected blood or /blood products in this state.

At present the number of cards currently active is 1287. This is a national figure at June 2024.

I trust this is of assistance.

Yours sincerely,

**Geraldine Crowley,
Assistant National Director,
