'To ask the Minister for Health if he will provide an update on the new CT scanner project at Mayo University Hospital; when the exiting scanner will be replaced to have two functional scanners operational; and if he will make a statement on the matter'. -Alan Dillon

Dear Deputy Dillon,

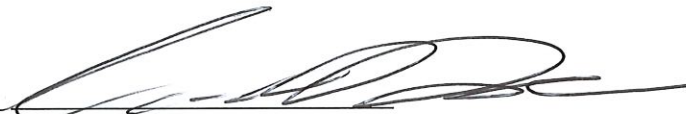

I refer to the above representation:

The replacement CT scanner in Mayo University Hospital is now in place.

A proposal and brief have been prepared and ready for submission to the National Steering Group capital process for a second CT scanner for Mayo University Hospital.

Thank you for your query, I hope this clarifies the matter.

Kind Regards,

Catherine Donohoe
Hospital Manager
