PQ 44291/24 To ask the Minister for Health to outline the products and services provided to the HSE by its various contracted manufacturers for patients with type 1 diabetes; and if he will make a statement on the matter.

-Richard Bruton

Dear Deputy Bruton,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (PQ 44291/24) which you submitted to the Minister for Health for response.

The HSE provides a large number of products to diabetic patients via Community Funded Schemes and the HSE Reimbursement service. I have attached the most up-to-date list of items supplied for your information.

Appendix 1 – List of products available to diabetic patients

I trust this is of assistance.
