**PQ 15773/25\* To ask the Minister for Health the total number of primary care centres in the State, by regional health area and integrated healthcare area (details supplied), in tabular form; the number planned for delivery; the number in HSE owned properties; and the number under lease agreement. - Pádraig Rice**

**PQ 15774/25\* To ask the Minister for Health the rate of yearly rent on each primary care centre under a lease agreement, and the length of each lease agreement, by primary care centre, in tabular form. -Pádraig Rice**  
**Additional Information: If this data can only be provided by CHO and LHO that's fine.**

Dear Deputy Rice,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I propose to respond to both Parliamentary Questions in this one response.

Please find enclosed a spreadsheet which provides the total number of HSE Primary Care Centres currently operational by Regional Health Area and Community Healthcare Organisation, the number of HSE owned and the number delivered via the HSE Operational Lease Model as requested.

In summary, the operational primary care centres delivered by the HSE under Regional Health Area are contained in the Table 1 below.

Regional Health Area		Number of Operational Primary Care Centres
<b>A</b>	Dublin & North East	35
<b>B</b>	Dublin & Midlands	36
<b>C</b>	Dublin & South East	28
<b>D</b>	South West	27
<b>E</b>	Mid West	15
<b>F</b>	West & North West	39
<b>Total</b>		<b>180</b>

In summary, the operational primary care centres delivered by the HSE under each mechanism are contained in Table 2 below.

No Primary Care Centres Operational as per Q1 2025	Delivery Mechanism
28	HSE Own
112	Operational Lease / Lease Purchase /Sale Lease Back / Lease
14	Public Private Partnership (PPP)
26	Services were already delivered at these locations prior to the commencement of the Primary Care Centre Programme
<b>180</b>	<b>Total</b>

There are approximately 80 proposed locations where the HSE are planning on developing primary care centres. Capital & Estates continue to work with Primary Care Services in developing additional Primary Care Centres to deliver health care needs as envisaged now and into the future.

Under the HSE Operational Lease Model, the cost of building the Primary Care Centre is borne by the private operator and the HSE agrees to pay a quarterly rent and service charge to the private operator for a 25 year lease period to provide and maintain the Primary Care Centre which is laid out and finished to the requirements of the HSE. This arrangement is conditional on GP's also operating from the Primary Care Centre, the onus is on the private operator to ensure the presence of GP's.

The lease cost of a Primary Care Centre (PCC) depends on a number of variables, including:

- The date of the lease
- The location of the proposed PCC
- The size of the proposed PCC
- The number and type of services to be delivered from the PCC
- General market conditions

There are currently a number of tender processes ongoing for Primary Care Centres at present, with locations currently being advertised on the E-Tenders Procurement Platform, therefore the rate of yearly rent for each Primary Care Centre is deemed commercially sensitive information at present.

Please see the Primary Care Lease Costs in Table 3 below from when the first Primary Care Centre was delivered through the HSE Operational Lease Cost Model and brought into operation in 2009.

<b>Year</b>	<b>Number of Operational Primary Care Centres</b>	<b>PCC Lease Costs January – December (inclusive of VAT)</b>
2009	2	€968,825
2010	10	€2,269,783
2011	21	€6,648,145
2012	31	€9,864,226
2013	38	€12,915,968
2014	43	€15,713,453
2015	46	€17,154,737
2016	54	€20,452,671
2017	60	€23,039,812
2018	64	€28,010,954
2019	67	€31,897,261
2020	76	€37,583,173
2021	85	€44,052,062
2022	100	€56,168,065
2023	106	€64,063,286
2024	110	€73,155,663

Yours sincerely

---
