To ask the Minister for Health the number of GPs operating in Tipperary.

Dear Deputy Kelly,

I refer to your parliamentary question, which was passed to the HSE for response.

There are approximately 3,160 GPs with a public contract (2,552 GMS & 608 others) and c.800 GPs including those who work privately, GPs in training and International Medical Graduate (IMG) participants nationally.

The table below sets out the number of GPs Operating in Tipperary as you will appreciate falls under two regions and therefore the information is presented of the below format.

Region	No of General Practitioners
Region/IHA - North Tipp. / East Limerick	53*
Region/IHA - South Tipperary	58*

*Please note that the figure above includes GPs not contracted to the GMS Scheme but who are registered to provide services such as the Primary Childhood Immunisation Scheme, Maternity & Infant, the Health (Amendment) Act 1996, Methadone Treatment Scheme and National Cancer Screening Service.

I trust this is of assistance.

Yours sincerely,
