PQ 16987/25 To ask the Minister for Health to outline the waiting lists for primary care psychology care in each primary care centre in the country, in tabular form.

-Erin McGreehan

Dear Deputy McGreehan,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (16987/25) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high-quality services to all eligible service users. In 2024, there were 41,984 patients seen by HSE Primary Care Psychology services. Each Health Region is focused on improving access to care in order to reduce waiting times for patients in the context of resources available.

Nationally the HSE do not hold waiting list data by Primary Care Centre. Please find the attached appendix, which contains, in tabular form, details of the Primary Care Psychology waiting list for each local area as of March 2025 which is the latest data available at this time.

Appendix 1 –Primary Care Psychology Waiting List March 2025

I trust this information is of assistance to you.
