Deputy Peadar Tóibín, Dáil Éireann Leinster House Dublin 2.

# PQ 17266/25 - To ask the Minister for Health the number of appointments cancelled in each hospital in the State in each of the past ten years, in tabular form.

Dear Deputy Tóibín,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions, which you submitted to the Minister for Health for response.

## Response:

The HSE collects and reports information relating to appointments and procedures which did not go ahead at the original planned date. The attached information provided includes details relating to:

- Appointment type for each of the years 2022 to 2024, by hospital group and hospital, in tabular form, this includes adults and children.
- Appointment type, for January and February in 2025, by hospital group and hospital, in tabular form this includes adults and children.

Hospitals commenced reporting this data to the BIU over the first half of 2022 and as a result there are data gaps for the earlier part of this year which means that data from 2022 is not comparable with other years.

The data source for this information is the 'Weekly Hospital Cancellation of Planned Activity Data'. It is important to emphasise that the term cancellation in this context does not mean that the appointment did not go ahead, rather it did not go ahead on the original planned date and these appointments and procedures are rescheduled often within a short period of the original appointment.

On an ongoing basis, this data is also subject to change for the following reasons:

- Late submissions of data
- Resubmissions of data
- Ongoing quality assurance

Hospitals follow national guidelines on scheduling outpatient, inpatient, day case and planned procedures that require that they reschedule appointments within six weeks of the original appointment date, taking account of the patient's availability to attend.

## Additional context:

In 2023 the HSE delivered more than:

- 648,000 inpatient cases
- 1,194,000 day cases
- 3,650,000 outpatient appointments.

For further information on the guidelines that hospitals follow to schedule and reschedule patient appointments, please see links below:

## Inpatient, day case and planned procedure waiting list protocol

# Reasons why hospitals may need to defer planned procedures and appointments include:

I. Increased ED attendances and admissions resulting in a reduction in availability of bed or theatre capacity for planned procedures.

II. Unforeseen circumstances including weather events, infection outbreaks or industrial action.

III. Sick leave or staff shortages.

Yours sincerely,

Sheila McGuinness, Access & Integration
