PQ 17436/25 - To ask the Minister for Health to provide a list of all hospitals, separated by model one, two, three and four, in tabular form; and if she will make a statement on the matter. - Marie Sherlock

Dear Deputy Sherlock,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Please see **Appendix 1** detailing hospitals of Model 2, 3 and 4, supplied by the Office of the National Clinical Advisor and Group Lead (NCAGL), Access and Integration.

Colleagues in Services for Older People, Access and Integration provided the below information in relation to Model 1 hospitals:

The term 'Model 1 Hospital' is not a term currently in use to describe residential facilities. All units are referred to as 'Community Nursing Units' (CNUs).

Please see **Appendix 2** which is a listing based on the latest validated CNU Bed Register February 2025. This excludes all standalone long term care CNUs and any CNUs whose short term beds only consist of respite beds.

I trust this is of assistance to you.

Nessa Lynch
General Manager
Access and Integration
