Deputy Barry Ward  
Dáil Éireann  
Leinster House  
Dublin 2

14<sup>th</sup> May 2025

***PQ 17912/25 - To ask the Minister for Health the position regarding the number of EV charging spaces available at all hospital buildings, broken down by location, the provider in each instance of the charging infrastructure, in tabular form; and if she will make a statement on the matter. -Barry Ward***

Dear Deputy Ward,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Access and Integration contacted colleagues in the Health Regions offices for information on the acute hospitals in their regions, in order to respond to your question. I note you provided clarification that your question pertains to acute hospitals.

Please see the included Excel file which collates the responses received.

Children's Health Ireland (CHI) advised there is no Electric Vehicle charging infrastructure available in any current CHI sites.

I trust this is of assistance to you.

Yours Sincerely,

**Nessa Lynch**  
**General Manager**  
**Access and Integration**

## HSE West and North West

**PQ 17912/25 - To ask the Minister for Health the position regarding the number of EV charging spaces available at all hospital buildings, broken down by location, the provider in each instance of the charging infrastructure, in tabular form; and if she will make a statement on the matter. -Barry Ward**

Hospital Site	Location at site	The number of Electric Vehicle charging spaces	Provider of the charging infrastructure
Galway University Hospitals	None	n/a	n/a
Portiuncula University Hospital	None	n/a	n/a
Roscommon University Hospital	None	n/a	n/a

Sligo University Hospital	None	n/a	n/a
Letterkenny University Hospital	St Conals Upper Car Park	1 Machine - 2 charging spaces	ESB Networks

## HSE Dublin and Midlands

***PQ 17912/25 - To ask the Minister for Health the position regarding the number of EV charging spaces available at all hospital buildings, broken down by location, the provider in each instance of the charging infrastructure, in tabular form; and if she will make a statement on the matter. -Barry Ward***

Hospital Site	Location at site	The number of Electric Vehicle charging spaces	Provider of the charging infrastructure
Midland Regional Hospital Tullamore*	Maintenance Department	3	Installed by our own Maintenance team
The Coombe Hospital	Staff Parking Area	6	Easygo
**All other acute sites have indicated they have no EV charging spaces			

\*MRHT - MRHT can confirm that we currently have 3 EV chargers in MRHT. These 3 chargers are for Maintenance vehicles only and not for public use. We do not currently have any public EV car charging stations in MRHT. We hope to improve our EV charging facilities for staff and public car parks in the near future
