

28th May 2025

Mr. Liam Quaide TD
Dail Eireann
Leinster House
Dublin 2

PQ 20448/25

To ask the Minister for Children; Equality; Disability; Integration and Youth the details of recruitment drives undertaken for the children's disability network teams in each integrated health area of the Dublin and south east regional health area for the years 2023, 2024 and as of 1 April 2025-namely, the date each post was advertised, the discipline and grade of the post, whether the post had been offered and accepted and, where applicable, the date a candidate had commenced in post.

Dear Deputy Quaide,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question, which was submitted to the Minister for Health for response.

I have reviewed the matter and the following is the current position.

In HSE Dublin and South East there are 18 Children's Disability Network Teams (CDNTs) providing services and supports for children aged from birth to 18 years of age. In addition, where staffing resources allow, strategies and supports for urgent cases on the waitlist are provided by the CDNTs. The model of service for all CDNTs is family-centred and based on the needs of the child. This includes universal, targeted and specialised supports and interventions, as appropriate to the individual child and family. It is based on the objectives of empowering and supporting parents and others who are with the child on a daily basis to facilitate the child's developmental needs.

However, there are significant challenges for CDNTs including recruitment and staffing vacancies, growth in numbers of children with complex needs and increased demand for assessment and services.

Recruitment for CDNTs

The HSE is operating in a very competitive global market for healthcare talent. There are significant shortages of qualified healthcare professionals across the globe.

The table in the attached Appendix outlines the details of recruitment drives undertaken CDNTs in HSE Dublin and South East for the years 2023, 2024, 2025 the date each post was advertised, the discipline and grade of the post, whether the post had been offered and accepted and where applicable, the date a candidate had commenced in post.

Recruitment campaigns form part of an ongoing suite of initiatives to populate vacancies, increase retention and improve the capacity to deliver services in

CDNTs. HSE Disability Services are working to promote CDNTs as a workplace of choice in a competitive employment market.

I trust this information is of assistance to you. Should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Martina Queally
Regional Executive Officer

Appendix - PQ 20488/25

The below tables outline the details of recruitment drives undertaken for the Children's Disability Network Teams (CDNTs) in HSE Dublin and East for 2023, 2024 and 2025, the date each post was advertised, the discipline and grade of the post, whether the post had been offered and accepted and where applicable, the date a candidate had commenced in post.
