The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The developer has now lodged a planning application for Douglas Primary Care Centre. Cork County Council have submitted several Requests of Information's (RFI) to the developers. These reports are currently in progress and submission of these reports is expected in the coming weeks.

The proposed service currently designated for the Primary Care Centre are as follows: Public Health, Podiatry Occupational Therapy, Physiotherapy, Speech and Language, Dietitian, Network Disability Team and Home Support Team. These proposed services may change depending on requirements as determined by the Primary Care Service.

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely,
