**To ask the Minister for Health if she will approve the new mandibular device used to treat sleep apnoea (details supplied). -Robert Troy**

Details supplied:

I note some patients are being prescribed this different machine in place of their CPAP but finding out the new prescribed device is not covered under DPS as the old one was.

Dear Deputy Troy,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question (Reference 4702/25), which you submitted to the Minister for Health for response.

Please be advised there is no facility to support mandibular advancement devices under the Drugs Payment Scheme.

Yours sincerely,
