PQ 6114/25* To ask the Minister for Health if she will provide a site map of the Weir Home for nurses in Dublin 8 which is managed by the HSE, with site boundaries outlined in red; the list of parties that have submitted a formal expression of interest in purchasing Weir Home to date; the list of interested parties that have been granted access for examination of the property; and if permission to access the property as a possible interested party will be given to this Deputy. - Máire Devine

Dear Deputy Devine,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The former Weir Home, Cork Street, Dublin 8 is under the ownership of the HSE. A HSE review of the site was undertaken which determined that the site is surplus to the HSE's requirements.

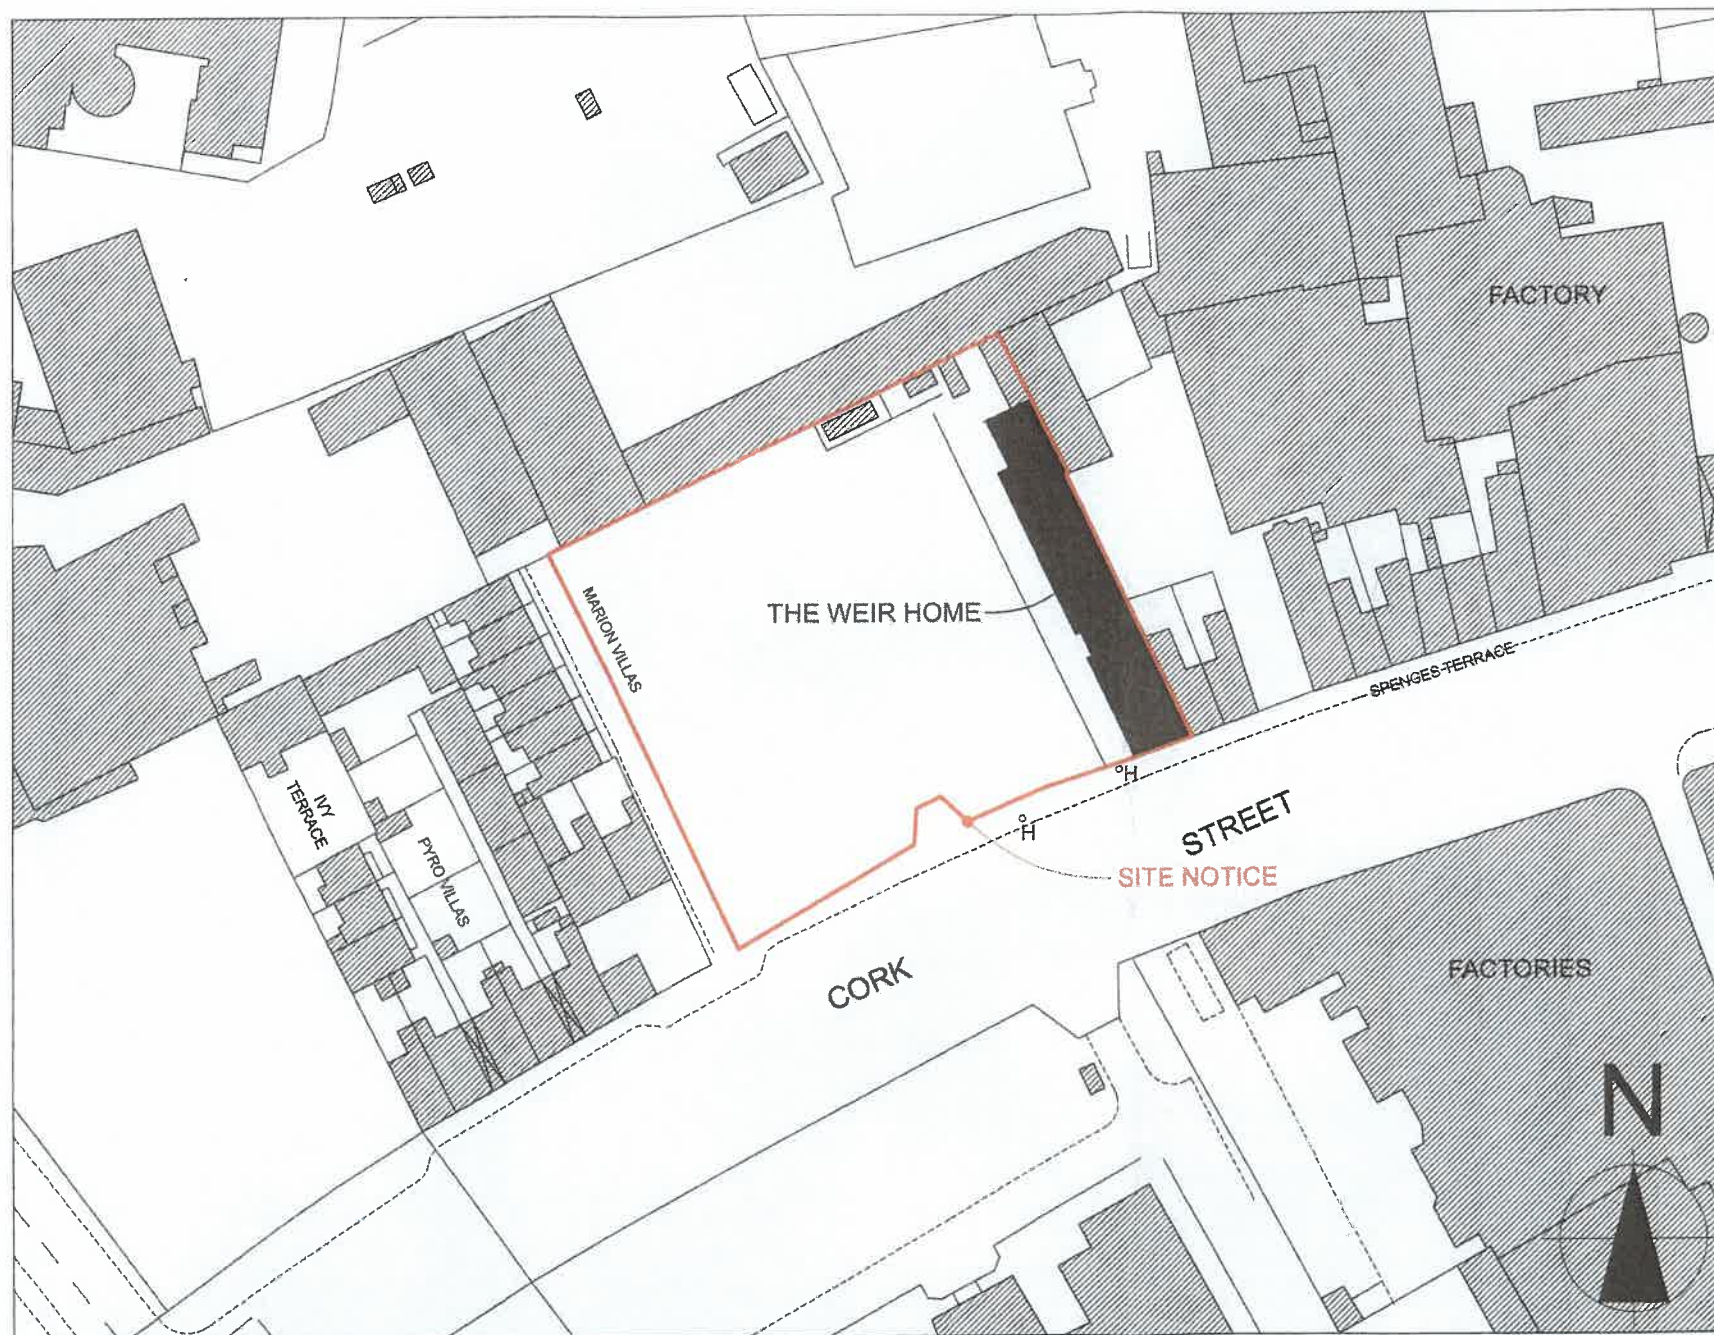

In line with the HSE Property Protocol and the Department of Public Expenditure, NDP Delivery and Reform Circular 11/2015 *Protocols for the Transfer and Sharing of State Property Assets*, the HSE has offered the property to all State Stakeholders through the Intra-State Property Register.

There is active interest from State Stakeholders in this property and the HSE is currently working through this process.

Please find enclosed with this response a site map of the Weir Home with site boundaries outlined in red as requested.

Yours sincerely

Micheál Conneely
