Deputy Cronin
Dáil Éireann,
Kildare Street,
Dublin 2

Re: To ask the Minister for Health if the Novavax vaccine will be made available in Ireland as an alternative to mRNA vaccines; and if she will make a statement on the matter. -Réada Cronin

Dear Deputy Cronin

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for response. I have examined the matter and the following outlines the position.

The HSE has endeavoured to obtain supplies of Nuvaxovid (Novavax) vaccine for the COVID-19 vaccination programme for those who have contraindications to mRNA vaccines or prefer non mRNA vaccines. However Nuvaxovid (Novavax) is not currently available in Ireland. The HSE is continuing its efforts to obtain supplies of the vaccine. People who require or request a non mRNA vaccine can be advised to phone HSELive at 1800 700 700 to be added to a list to be contacted if/when Nuvaxovid (Novavax) becomes available.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Dr Lucy Jessop
