10th March 2025

PQ Number: 8958/25

PQ Question: To ask the Minister for Health the number of CAMHS teams around the country that have no psychologist; and to detail where these CAMHS teams are located. -Peadar Tóibín

Dear Deputy Tóibín,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Child and Adolescent Mental Health Services (CAMHS) provide specialist mental health services to those aged up to 18 years, who have reached the threshold for a diagnosis of **moderate to severe mental health disorder**.

At the end of January, there were 77.6 Whole Time Equivalent Clinical Psychologists working across 81 Community CAMHS Teams. Of the 81 teams, 20 (25%) are recorded as having no Clinical Psychologist on their team.

The table below provides information on the teams and Clinical Psychologist WTE in place at the end of January 2025.
