

Deputy David Cullinane
Dáil Éireann
Leinster House
Dublin 2

18th July 2025

PQ 38109/25 To ask the Minister for Health the number of emergency department presentations and admissions in the first six months of each year from 2019 to 2025, by hospital, in tabular form; and of those admitted, the percentage and number admitted within six hours, nine hours, and 24 hours. -David Cullinane

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The HSE Business Information Unit (BIU) is a central repository for activity information for Acute and Non Acute Services. The BIU collects, collates and validates extensive amounts of data which is used in performance monitoring and measurement to support the HSE in operational and strategic decisions.

The purpose of EDs is to deal with serious and unexpected illness and injury. EDs operate 24/7 and often experience high volumes of persons presenting. During busy periods or when a significant emergency / trauma is underway 'wait time' in the ED can be extensive

The information requested has been provided in the attached Excel file supplied by the Acute BIU.

Please see the data notes on the Excel file and outlined below:

Data notes:

- Children's Health Ireland includes CHI at Crumlin, CHI at Tallaght, CHI at Temple St.
- Mater Misericordiae University Hospital separated Smithfield Injury Unit attendances from their PET extract in March 2025 and back dated to 2019.
- Excludes discharge destination: Not yet discharged
- Admissions include: Admitted to Ward, Discharged to CDU and Referred AMU
- CHI Tallaght closed their ED department on 27th March 2020 due to COVID-19
- Wexford General Hospital ED closed on 2nd March 2023 due to a fire in ED
- Data relates to January to May

I trust this is of assistance to you.

Yours Sincerely,

Nessa Lynch
General Manager
Access and Integration
