

Mr James Geoghegan, TD,  
Dáil Éireann,  
Leinster House,  
Kildare Street  
Dublin 2

22<sup>nd</sup> August 2025

**PQ 38687/25\* To ask the Minister for Health if she will detail the total number of CCTV cameras owned by her Department; the specific video file format used in the recording and dissemination of the recorded footage; the total number of CCTV cameras owned by bodies under the aegis of her Department; the specific video file format used in the recording and dissemination of the recorded footage, in tabular form; and if she will make a statement on the matter. - James Geoghegan**

Dear Deputy Geoghegan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Please be advised that there is no centralised inventory or management system within the HSE for CCTV installations across its various sites and services.

CCTV systems are typically procured, installed, and managed locally by individual hospitals, community healthcare organisations, and other service units, based on operational and security requirements specific to each location.

If you wish to highlight the specific location(s) within the HSE where you require this information regarding CCTV cameras, then your query can be directed to the individual hospital and/or service for response.

Yours sincerely

**Peter Smyth**  
**A/Interim National Director**  
**Capital & Estates**
