Dear Deputy Clarke

The Health Service Executive has been requested to reply directly to you in the context of the above representation, which you submitted for response. I have examined the matter and the following outlines the position.

Regional Hospital Mullingar (RHM) can advise that RHM have imaging and laparoscopy facilities available for diagnosing and treating endometriosis.

RHM not have a specialized team for the said purpose and for advanced endometriosis we have to refer patients to tertiary centres where such units are active.

I trust this information is helpful to you.

Yours sincerely

Ms. Margaret Kelleher
Hospital Manager
