05 August 2025

Deputy Padraig Rice
Dáil Eireann
Leinster House
Kildare Street
Dublin 2

PQ 42569/25: To ask the Minister for Health the total number of dentists contracted to the dental treatment services scheme.

Dear Deputy Rice,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for response.

The HSE makes dental services available to adults with full eligibility through the Dental Treatment Services Scheme, which enables medical card holders to attend contracted dentists- the scheme has a list of treatment items which are funded through the scheme.

The attached Excel SpreadSheet details the number contracted dentists within the scheme at June 2025. A process to update the contract numbers was undertaken in June 2023 which resulted in the removal of inactive contracts.

The DTSS is a “choice of dentist” scheme for patients, which does not require the patient to register with a particular dentist and enables medical card holders to attend any DTSS contractor directly without recourse to the HSE. Dentists choose to join the DTSS depending on their own clinical and business arrangements. As there are no obligations on dentists to join the scheme, this limits the options to recruit additional dentists to the scheme.

The number of dentists claiming per month has remained relatively stable. As all dental practices are increasingly busy, the HSE is aware that DTSS contractors may have limited capacity to take on new patients. Availability of appointments fluctuates according to the daily capacity of the practices, with additional capacity limited to the number of clinicians and clinical hours worked within the practice.

Oral healthcare services for adults are included in the reorientation of services described in Smile Agus Sláinte (National Oral Health Policy) – the implementation of which is included in priorities and funding from budget 2025.

I trust this information is of assistance to you, but if you require further clarification please do not hesitate to contact me.

Yours Sincerely,

Anne O'Neill
Assistant National Director, Oral Health
