PQ 42705/25 To ask the Minister for Health the average wait time for referrals for physiotherapy services, by regional health area and integrated healthcare area, in tabular form

- Pádraig Rice

Dear Deputy Rice,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (42705/25) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high-quality services to all eligible service users. In 2024, there were 512,726 patients seen by HSE Physiotherapy services. Each Health Region is focused on improving access to care in order to reduce waiting times for patients in the context of resources available.

The HSE national waiting list data is collated on a monthly basis. Due to the current data systems this does not provide average waiting times for Physiotherapy services. I have, however, attached the below appendix, which contains, in tabular form, details of the HSE Primary Care Physiotherapy waiting list for each region as of June 2025 which is the latest data available at this time.

Appendix 1 – Primary Care Physiotherapy Waiting List June 2025

I trust this information is of assistance to you.
