Question: "To ask the Minister for Health the number of WTE consultants in emergency medicine based at the Mater University Hospital, Tallaght University Hospital, Beaumont Hospital, St. James's Hospital, St. Vincent's Hospital, University Hospital Galway, Cork University Hospital and University Hospital Waterford, in the years of 2023, 2024 and to date in 2025, in tabular form". Joe Cooney

Dear Deputy Cooney,

The data below has been extracted from DIME (Doctors Integrated Management E-system) as at 31st December 2023 - 2024 and May 2025. As DIME is a live system it must be noted that there can be variances in the figures published dependent on the run date of the report as entries can be made with a retrospective date.

This data is based on the number of Consultants employed in the Medical Discipline of Emergency Medicine at the time of date provided, by headcount and matched to a post (CAAC approved and unapproved) on DIME for sites; Mater University Hospital, Tallaght University Hospital, Beaumont Hospital, St. James's Hospital, St. Vincent's Hospital, University Hospital Galway, Cork University Hospital and University Hospital Waterford listed as the **Principal Clinical Site**.

As the data is based on principal clinical site only it should be further noted that there may be other Consultants who also have a clinical commitment to the eight clinical sites listed.

Total number of Consultants in Emergency Medicine (by headcount) by <u>Principal Clinical Site</u>			
Principal Clinical Site	Dec-23	Dec-24	May-25
