Deputy Albert Dolan,
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.
E-mail: albert.dolan@oireachtas.ie

PQ: 32152/25

To ask the Minister for Children; Disability and Equality the total number of active service arrangements and grant aid agreements in place for disability services with third-party organisations; to provide a full list of those organisations; and the total value of payments made under these arrangements in each of the past ten years, in tabular form.

PQ: 32153/25

To ask the Minister for Children; Disability and Equality to provide a breakdown of total payments for disability services in each of the past five years to organisations by categories (details supplied).

Details Supplied: For-Profit with Service Arrangements, ,b) S38 organisations with Service Arrangements,c) S39 organisations with Service Arrangements; and to confirm the total amount paid to each category annually.

PQ: 32154/25

To ask the Minister for Children; Disability and Equality to provide data on the total funding allocated and spent on disability services per CHO area in each of the past five years; and to provide a breakdown of that spending per service provider within each CHO.

Dear Deputy Dolan,

Thank you for your Parliamentary Questions referenced above, which have been forwarded to me for direct reply.

The HSE works in partnership with organisations including Section 38, Section 39, Out of State and For Profit organisations to ensure the best level of service possible is provided to people with a disability and their families, within the available resources. The majority of specialised disability provision (80%) is delivered through non-statutory sector service providers funded by the HSE using allocated budget funding.

The HSE acknowledges the role and contribution of non-statutory agencies in the development and provision of health and personal social services and is committed to the development of effective working relationships as enacted by the Health Act 2004.

The HSE has over 1,045 Service Arrangements or Grant Aid Agreements with over 460 organisations providing a wide variety of disability services on behalf of the HSE.

As part of a HSE wide requirement to ensure appropriate governance arrangements that underpin the release of the funding of Agencies, a Governance Framework for Funded Agencies (Framework) has been developed which ensures a consistent approach in this regard.

The HSE must have in place appropriate contractual arrangements Service Arrangements (SA) and Grant Aid Agreements (GA) with all Agencies that have funding released to them for the provision of services.

To meet the needs of service users, services provided by non statutory Service Providers for the funding received, is agreed between the local HSE areas and the Provider within these governance frameworks.

The Service Arrangement and Grant Aid Agreement are contracts and operate on the principles of contract law. There is a requirement that they are renewed each year to support the transfer of the very significant sums of public money involved.

The Framework was introduced to implement the legislative provisions of the Health Act, 2004 and to reflect the requirements for public accountability where the HSE is legally obliged to account for all public expenditure on health and personal social services. In this regard, the SA is a key document which comprises of Part 1 and the HPSR documents.

The Framework seeks to provide a level of governance which links funding provided to a quantum of service and provides for these services to be linked to quality standards, with continuous monitoring to ensure equity, efficiency and effective use of available resources.

For further information please see:

<https://www.hse.ie/eng/services/publications/non-statutory-sector/section-39-documentation.html>

See Appendix 1 which gives the lists of Organisations by type (S38, S39, For Profit and Out Of State) in receipt of funding from the HSE in 2024 for the provision of Disability services.

Please note that the funding Information contained is from the Service Provider Governance) SPG system is as at the date indicated, and represents the funding arrangement allocations entered by the operational system. SPG is not a finance or payment system and figures will fluctuate on a continuum as updates on governance arrangements are uploaded.

With regard to current funding for 2025, negotiations may still be ongoing in relation to funding levels via Service Arrangements.

In addition, the Service Arrangement Process has undergone a review and the updated Service Arrangement documentation for use in 2025 now consists of a Part I and a Healthcare Provider Specific Requirements (HPSR) which replaces the Part II (Schedules) which was used up until 2024.

As the review has only concluded in March 2025, new documentation implementation is also still ongoing and there may be delays in uploading funding information on the SPG system. Therefore accurate 2025 funding information is not available as yet.

With regard to funding for previous years, see Appendix 2 which provides links to the HSE Annual Reports/ Financial statements for years 2023- 2013. Appendix 1 of each report provides Organisations' Revenue Grants and Capital Grants.

Yours Sincerely,

Tom McGuirk,
General Manager, Disability Services, Access & Integration

Appendix 1

Note re SPG

Please note :-The funding Information contained is from the SPG system is as at the date indicated, and represents the funding arrangement allocations entered by the operational system. SPG is not a finance or payment system and figures will fluctuate on a continuum as updates on governance arrangement are uploaded.
