3rd July 2025

Deputy Quaide,
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 33455/25 To ask the Minister for Health for a breakdown, by regional health area, of primary care child and adolescent service waiting-lists for occupational therapy, physiotherapy and speech and language therapy and psychology; for a breakdown, in years and months, for those young people waiting over 52 weeks; and the longest wait time for each discipline in each regional health area

- Liam Quaide

Dear Deputy Quaide,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (33455/25) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high-quality services to all eligible service users. In 2024, there were over 1.3million patients seen by HSE Primary Care Therapy services. Each Health Region is focused on improving access to care in order to reduce waiting times for patients in the context of resources available.

Please find attached, the standard reports detailing Children's Primary Care Occupational Therapy, Physiotherapy, Speech and Language Therapy and Psychology waiting list for each local health area as of May 2025, which is the latest data available at this time. Also attached is the breakdown of the longest waiting time in each CHO area at May 2025.

Nationally, the HSE do not collate data for those waiting over 52 weeks with the exception of the standard Speech and Language Therapy report. However, information was sought from each CHO area concerning the number of children waiting over two years in response to this PQ. This is attached for each service, where available, as a supplementary report.

Appendix 1 –Children's Primary Care Occupational Therapy, Physiotherapy, Speech & Language Therapy and Psychology Waiting List March 2025

Appendix 2 – Longest Waiting Time by LHO May 2025

Appendix 3 – Supplementary report – Numbers waiting > 2 years Occupational Therapy, Physiotherapy, and Psychology

I trust this information is of assistance to you.

Seán McArt

General Manager

Primary Care Access & Integration
