

Ms Catherine Ardagh, TD,  
Dáil Éireann,  
Leinster House,  
Kildare Street  
Dublin 2

3<sup>rd</sup> July 2025

**PQ 33486/25\*To ask the Minister for Health to provide an update on the status of the proposed primary care centre at a location (details supplied: Curlew Road, Drimnagh, Dublin 12), including a timeline for when the project will progress to completion; and if she will make a statement on the matter. -Catherine Ardagh**

Dear Deputy Ardagh,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I can confirm funding has been included in the HSE's Capital Plan 2025 to progress the design stages of the proposed development, which is scheduled to include accommodation for Older Persons Day Services.

A planning application was lodged for the proposed new development in December 2024. However, further information has been requested from Dublin City Council in relation to same. The HSE is preparing a response in relation to this request. As a number of submissions have been received in relation to the Planning Application, it is not clear at this stage if a review by An Bord Pleanála will be required.

In relation to the design process, the HSE are currently in receipt of the Stage 2a report from the Design Team and in same, the projected project cost has increased significantly. This report and the observations received on the planning application will be reviewed to determine how best to progress with this proposal.

Yours sincerely

---

**Micheál Conneely**  
**Interim National Director**
