Dear Deputy Murphy

I refer to your parliamentary question below which has been forwarded to me for attention. Firstly, please accept my apologies for the delay in issuing a response.

PQ 10658/25 – To ask the Minister for Health if, in relation to the report on the consultant report relating to operations at Cappagh and Temple Street hospitals, any further osteotomies were performed at either Cappagh or Temple Street after the delivery of the report (details supplied).

Children's Health Ireland (CHI) Response:

Children's Health Ireland (CHI) and the National Orthopaedic Hospital Cappagh (NOHC) have not stopped performing pelvic osteotomies. All children who require pelvic osteotomies will have their case discussed at a pre-operative cross site multidisciplinary team meeting.

Yours sincerely
