Dear Deputy Daly

Ref PQ 11870/25 : **To ask the Minister for Health the steps she is taking to establish a modular day unit UHK; and if she will make a statement on the matter. -Pa Daly**

The above referred Parliamentary Question on various matters at University Hospital Kerry, has been submitted to this office, for response:

Response provided by University Hospital Kerry:

A Development Control Plan (DCP) for University Hospital Kerry is currently initiated – This work will review the site spatially, as well as consider infrastructure, constraints, proposed projects and the overall future service requirements within the campus of UHK.

An Ambulatory care block to include services such as Endoscopy, Surgical and Medical Day facilities, will form part of the DCP.

Upon completion of the DCP, consideration will be given to project / programme phasing, recognising the overall site development needs of University Hospital Kerry.

I trust this response is to your satisfaction; should you have any further queries however, please do not hesitate to contact me.

Yours sincerely,

Mary Fitzgerald
