**RE: To ask the Minister for Health when the new Salthill and Knocknacarra primary care centre and enhanced community care hub will become operational at the location in the Gateway Business Park, Knocknacarra.**

Dear Deputy Connolly

The Health Service Executive has been requested to reply directly to you in the context of the above Representation which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

I can confirm that the Integrated Care Hub, which is set to be located in Knocknacarra, is anticipated to begin operations in the second quarter of 2026.

This timeline reflects the ongoing planning and development efforts aimed at ensuring the facility is fully operational and ready to provide essential healthcare services to the community by that date.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours Sincerely

---
