Dear Deputy O'Callaghan,

Reference your recent Parliamentary Queries with regards to:

- 1. "To ask the Minister for Health for an update on the new emergency department and reconfiguration of existing emergency department for Beaumont Hospital"**

We can respond as follows:

An application for planning permission was lodged with Dublin City Council for the provision of a new Emergency Department at Beaumont Hospital on 31st October 2024. A decision regarding the grant of planning permission is anticipated in Q2 2025. Following this, the project will then move to the detailed design stage.

- 2. To ask the Minister for Health for an update on the new 95-bed inpatient accommodation for Beaumont Hospital; and if she will make a statement on the matter.**

We can respond as follows:

Planning permission was granted for the 95 bed ward block in October 2024. The design and approval process is funded and continuing through 2025 including detailed design prior to tendering for the works.

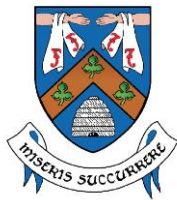

- 3. "To ask the Minister for Health for an update on the new critical care unit for Beaumont Hospital; and if she will make a statement on the matter."**

We can respond as follows:

The construction of the 64 bed Critical Care Unit (CCU) is dependent on the relocation of additional services. A final grant to relocate the additional services was received in March 2025. The design of the endoscopy block is funded and will continue in 2025 through to detailed design stage. The design of the 64 bed CCU is underway and is currently at preliminary design stage.

- 4. "To ask the Minister for Health for an update on the upgrade of the inner MV ring main for Beaumont Hospital"**
