To ask the Minister for Health to provide a breakdown of those treated for endometriosis abroad under the Cross-Border Healthcare Directive from 2018 to date in 2025, in tabular form.

Dear Deputy Cullinane,

I refer to your parliamentary question referenced above, which was passed to the HSE for response.

I regret I am unable to provide the information as requested. We do not record information in respect of patient diagnosis when recording reimbursements under the Cross Border Healthcare Directive. Patients accessing healthcare in respect of endometriosis may do so from a variety of specialties, for example but not limited to, general surgery, gynaecology, physiotherapy, etc.

I am genuinely sorry I cannot be of assistance to you in relation to this query.

Yours sincerely,

**Catherine Donohoe
