Deputy Marie Sherlock
Dáil Éireann
Leinster House
Dublin 2

20th May 2025

PQ 22985/25 - To ask the Minister for Health the number of acute hospital beds delivered from 2022 to date in 2025, and projected to the end of 2025, per year, per hospital, in tabular form; and if she will make a statement on the matter.

Dear Deputy Sherlock,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary questions, which you submitted to the Minister for Health for response.

A total of 473 acute inpatient beds were delivered from 2022 to date in 2025 as outlined in table 1 hereunder. It sets out the Hospital and the year of delivery.

A total of 345 beds were planned for delivery in 2025, consisting of 48 representing the balance of beds to be delivered from NSP 2024 and 297 beds planned as part of NSP 2025. Of these, 57 have been delivered so far in 2025, leaving a further 288 beds planned for delivery. These are set out in Table 2 hereunder. It should be noted that, on occasion, different factors impact on delivery timeframes.

I trust this is of assistance.

Yours sincerely,

Jacqueline McNulty
General Manager
Access and Integration

TABLE 1

Region	Hospital	Beds delivered 2022	Beds Delivered 2023	Beds delivered 2024	Beds delivered 2025	Total Beds delivered
Dublin Midlands	Temple Street Childrens Hospital	11				11
Dublin Midlands	Our ladys hospital Crumlin	3	10			13
