**PQ 23641/25\* To ask the Minister for Health if planning permission is in place with Dublin City Council for the building of these new inpatient wards at Beaumont Hospital; and if she will make a statement on the matter. -Grace Boland**

Dear Deputy Boland,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

There are currently two projects planned which include new inpatient wards at Beaumont Hospital as follows:

- 95 Bed Ward Block: Planning permission was granted for the proposed 95 bed ward block at Beaumont Hospital in October 2024. The design process for this project is continuing through 2025 including detailed design prior to tendering for the Works.
- The construction of the 64 bed Critical Care Unit (CCU) is dependent on the relocation of the existing Endoscopy department. A Final grant of planning was received for the proposed Endoscopy Department on the 21<sup>st</sup> March 2025. The endoscopy block will continue through to detailed design stage in 2025.

Yours sincerely
