**PQ 24086/25 To ask the Minister for Health if the HSE Service Improvement Programme completed its review of the existing provision of limb prosthetic services in 2024; if so, whether this review has been published; the actions that have been taken to improve provision of prosthetics; and if she will make a statement on the matter.**

Dear Deputy Rice,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (PQ 24086/25) which you submitted to the Minister for Health for response.

The review of the existing provision of prosthetic services is ongoing. It is expected that the review will be completed by Q3 2025. Following this, consideration will be given to how improvements in the scope and quality of these services might best be achieved.

I trust this is of assistance.

---
