PQ 26795/25 – “To ask the Minister for Health the number of WTE public health nurses that are responsible for the donaghmede area of Dublin 13; and if she will make a statement on the matter” - Barry Heneghan TD

Dear Deputy Heneghan

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Public Health Nursing Services are dedicated to providing safe, high-quality and person-centred community nursing care across the lifespan of the community. In collaboration with other members of the Primary Care team, they are committed to promoting health and well-being, empowering individuals to lead healthy and fulfilling lives.

The Donaghmede area of Integrated Health Area Dublin North County is served by the Kilbarrack Network Public Health Nursing team. There are 5 WTE Public Health Nurses and 3 WTE Community Registered General Nurses providing services to the population of this Network.

I trust this information is of assistance to you, but should you have any further queries, please do not hesitate to contact me.

Yours sincerely,

Fiacra McGuirk
General Manager Primary Care
Dublin North County
