PQ 52620/25 To ask the Minister for Health the number of patients on primary care and community healthcare waiting lists, for each care service, at the end of the first nine months of each year 2023 to 2025, by length of wait and by age, in tabular form; and if she will make a statement on the matter

- David Cullinane

Dear Deputy Cullinane,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (52620/25) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high-quality services to all eligible service users. In 2024, there were over 1.3 million patients seen by HSE Primary Care services. Primary Care Access and Integration is focused on improving access to care in order to reduce waiting times for patients. This includes monitoring the waiting list on an on-going basis in the context of available resources.

Please find the attached appendices, which contains, in tabular form, details of the Primary Care waiting lists for each RHA area, as at the end of September 2023, September 2024 and August 2025 which is the latest data available at this time. At the time of writing this response the waiting list for September 2025 is not yet available.

- Appendix 1 Primary Care Waiting Lists September 2023
- Appendix 2 Primary Care Waiting Lists September 2024
- Appendix 3 Primary Care Waiting Lists August 2025

I trust this information is of assistance to you.
